

It's a waste to throw it away when it's still usable

We at Kumagaya Kogyo Co., Ltd. have felt this sense of "Mottainai" strongly in our daily waste collection and transportation work. In order to put this feeling into practice and work on reducing waste, we opened "Jimoty Spot Hikari", a reuse hub where people can share things in the local area, on November 29, 2024!

If you have anything you no longer need, please bring it to us! We would like to work with you to come up with new initiatives that are kind to the environment, your wallet, and the local community.
